PART 5 HOW TO CALCULATE YOUR SUMS INSURED

It is important to select and maintain adequate Sums Insured which take into account revenue, growth and acquisitions of equipment, etc.

CONTENTS - “Business Equipment” represents the cost of replacing, as new, all the items which you own or are legally responsible for as a tenant, without any deduction for wear, tear and depreciation and including any delivery and installation charges. This includes Furniture, Equipment & Machinery (computers, copiers, telephones, etc.), Office Fronts (glass, fixed signs, etc.) and all Other Contents (stationery, stock, etc.) plus the cost of debris removal.

“Business Files” represents the value of materials including stamp tax, the cost of labour or computer time expended in reproduction and expenses likely to be incurred to retrieve or re-compile the information.

BUSINESS INTERRUPTION - “Increased Office Expenses” represents your assessment of the additional costs, e.g., renting alternative office space, removal costs and expenses, etc., that would be incurred during the selected Indemnity Period following damage at the premises. This more limited cover will not compensate you for actual loss of revenue. Any expenses must reduce the loss of revenue of the Business to be considered covered expenses for the purpose of this insurance.
